

All about me

Hello, my name is **Joanna Fidler** and it's my job to help you. I thought you'd like to know a little bit more about me.

My job

I work with people of all ages who need help to stay safe, happy and healthy. This can mean I help young people to stay in school or college and help older people to find work and live in a home that suits them and their family.

I am...

Gentle

Quiet (at first)

Passionate

Happy

Tall

My proudest moment as a case manager was...

One of the adults I was trying to help was going through a particularly difficult time and didn't want to accept any help at all. I managed to get them to a

point where they began actively engaging with their rehabilitation journey. This meant that eventually they progressed enough to get discharged from the team of people trying to help them and eventually engaged in a return to work!

When I was growing up I wanted to be...

A vet, mainly a horse vet because I love horses!

My hidden talent is...

Making children's birthday cakes! I once made a McDonalds inspired 'McSam' cake for one of my sons which was my own design.

I am happy when...

Spending time with my family - children, grandchildren and of course my two dogs (Cocker Spaniels).

I don't like...

conflict!
