

All about me

Hello, my name is **Sara Bond** and it's my job to help you. I thought you'd like to know a little bit more about me.

My job

I am a Social Worker who works with children and families. Social workers are people who help children and their families stay happy, healthy and safe.

They check if everything at home is okay, help parents when they need support, and listen to everyone in the family. Social workers are there to make life better for children and families who need a bit of extra help.

I am...

Happy

Thoughtful

Empathetic

Friendly

Calm

My proudest moment as a case manager was...

When one of the children that I worked with and her parents decided to name me and the team of grown-ups I was working with, 'The Dream Team'.

I had worked very hard to pick a team of helpers who had the right knowledge, skills and experience to support the child and I had made sure that the match would be right. The team work amazingly well together and I am so proud of everything that the child has achieved through the support, enthusiasm and commitment of the team.

When I was growing up I wanted to be...

A teacher because I loved spending time with children!

My hidden talent is...

I am fluent in British Sign Language! I am also learning Spanish and how to play the piano.

I am happy when...

Spending time with my family, being outside and enjoying the countryside and seeing positive outcomes in the children that I work with.

I don't like...

Eating celery!
